CANADA/MANITOBA NORTHLANDS AGREEMENT

1981/82 PROGRESS REPORT

NORTHERN PLANNING PROGRAM

This report is organized as follows:

1. Statement of Objectives;
2. Description of Activity;
3. Activity Summary: output;
4. Administration.

1. Statement of Objectives: The purpose of the Northern Planning Program is to provide a planning advisory service to remote and northern communities in Northern Manitoba. Communities and the Department of Northern Affairs receive professional planning advice and assistance with the preparation of community (townsite) development plans, subdivision designs for new housing developments, organization of existing land occupancy, infilling and infrastructure development of an economic or municipal nature. An effort is made to coordinate planning activities with those of other government departments and programs.

   Community Councils and Committees as well as the Minister of Northern Affairs are assisted with the administration of Part IX of the Planning Act. This includes the review, adoption and approval of Development Plans, Basic Planning Statements, Zoning By-Laws, Subdivision Applications and Development Agreements.

2. Description of Activity: Progress and Output in the fiscal year 1981/82 are reported by location and project for the following activities.

   - Community Planning includes four sub-activities; Subdivision Development, Basic Planning Statements, Community Boundaries and Other Projects.
   - Subdivision Approval includes the review and processing of private subdivision applications.
   - Mapping includes survey plan additions and updates to existing Community Base Mapping, new or additional base maps and aerial photography produced, and project mapping pertaining to community planning projects.

   Details with respect to output and progress are provided in the charts, and tables appended to this report as follows:

   - Activity Progress Report (2 Pages) provides a description of the progress and output by community for the following community planning activities.

(1) Planning Studies;

(2) Subdivision Development;

(3) Community Boundaries; and

(4) Other Projects.

. Monthly Progress Report - March, 1982 (12 Pages) provides details on the actual stage of completion of each project as of March 31, 1982 for the following activities and sub-activities: Subdivision Approval, Subdivision Development, Basic Planning Statements, Community Boundaries, Other Projects, Community Base Mapping and Project Mapping. Summary statistics are provided at the bottom of these charts.
